

My Premise Health

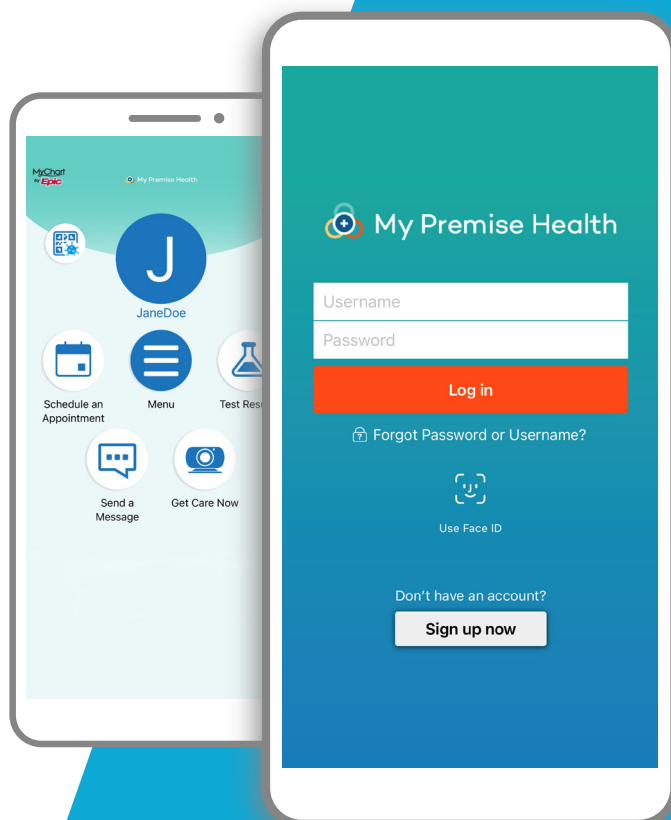

Welcome to your new health home.

It's time to register for My Premise Health.

Now that CareHere is part of the Premise Health family, you may see some changes at Scioto Advantage Health & Wellness Centers, but you're in good hands. You'll still receive the same high-quality care from the providers you know and trust. You're just getting a new and improved patient portal called My Premise Health.

Much like your CareHere portal, you'll be able to schedule appointments, view lab results and more. You'll also experience a simplified scheduling process, improved functionality and an upgraded electronic medical record (EMR) platform called Epic.

Learn more about your new portal and the transition to Premise Health at members.premisehealth.com/carehere.

Activate your account today.
Online at mypremisehealth.com or
download the My Premise Health app.
